Projects

Dev Issue Tracking bit.ly/devissrepo | bit.ly/devissuetrk
- Tracks issues, bugs, and features providing an organized software development experience.
- Robust authentication, securely accessing and updating data from a REST back-end service.
- Technologies – React, Sass, Node.js, Express, MongoDB, JWT, Cypress.io

SurvEasy bit.ly/srvrepo | bit.ly/surveasy
- Provides solutions for creating surveys and retrieving results and analytics.
- Accurately collects and stores survey information and displays it in easy-to-read charts and graphs.
- Technologies – React, Sass, Node.js, MongoDB with Mongoose, JWT, Chart.js

Professional Experience

Web Developer   2022– Current
Melodix, Austin, TX
Developing a full-stack web application for local musicians using Next.js
- Utilizing Next.js functions to build a robust API.
- Using Jest and Storybook test-driven development to maintain 90%+ test coverage throughout a codebase.

Freelance Web Developer   2021– 2022
WePair, Austin, TX
Designed and developed a full-featured SaaS payment system using Node.js and React.
- Implemented Stripe and PayPal APIs, providing customers with a variety of payment methods.
- Learned the Sails framework, becoming proficient in an existing codebase within the first week of development.

Customer Support   2020– 2021
YETI, Austin, TX
Delivered excellent customer service and built rapport through inbound inquiries over the phone.
- Maintained consistent remote collaboration with my team through messaging and video meetings.

Online Banking   2017– 2020
Mountain America Credit Union, Sandy, UT
Assisted customers in navigating the Mountain America website and other online services.
- Ensured a smooth transition through major technological changes by answering more than 80 calls per day during the largest website overhaul in five years.

Education

Full Stack Web Development Certificate   2020
University of Texas, Austin, TX
Intensive 24-week program focused on gaining technical programming skills.

Associate of Science in Digital Media   2017
Utah Valley University, Orem, UT
Focus on a wide variety of digital communications including web, software, audio, design, and film.
